

We are pleased to share the following professional learning opportunities with educators across New Hampshire centered on The Lexile® Framework for Reading and The Quantile® Framework for Mathematics. An additional introductory session is also offered for the Lexile & Quantile Hub to explain the tools available to make these measures actionable.

These focused sessions are designed to provide foundational information about the Lexile and Quantile Frameworks, tools to support implementation, and how they might be used by educators.

Please feel free to share these opportunities with others as you see fit.

### An Introduction to The Lexile Framework for Reading: (60-90 min)

An introductory session that helps lay the foundation for use of Lexile measures *at the classroom level*. The structure and specific questions that will be addressed are as follows:

- What is the Lexile Framework for Reading?
- What are Lexile measures for students and what are Lexile measures for text?
- Where are you receiving the measures?
- What are the benefits of using the Lexile Framework for Reading?
- Where Lexile tools and resources are available and how do you use them to guide instruction?

Audience:

- K-12 administrators and staff--from both the Department and school districts--from the following areas:
  - ELA/literacy
  - School library & media specialists
  - Science
  - Social studies
  - Early education
  - CTE/Career planning
  - Special education
  - School counseling
  - School improvement

**Date:** January 11, 2021

**Time:** 3:30-5:00

**Zoom Link:** <https://zoom.us/j/94746535613>

### An Introduction to The Quantile Framework for Mathematics: (60-90 min)

An introductory session that helps lay the foundation for use of Quantile measures *at the classroom level*. The structure and specific questions that will be addressed are as follows:

- What is the Quantile Framework for Mathematics?
- What are Quantile measures for students and Quantile measures of mathematics materials as well as state learning standards?
- Where are you receiving the measures?
- What are the benefits of using the Quantile Framework for Mathematics?
- Where Quantile tools and resources are available and how do you use them to guide instruction?

Audience:

- K-12 administrators and staff--from both the Department and school districts --from the following areas:
  - Mathematics
  - Early education
  - CTE/Career planning
  - Special education
  - School counseling
  - School improvement

**Date: January 21, 2021**

**Time: 3:30-5:00**

**Zoom Link: <https://zoom.us/j/96592588103>**

### **An Introduction to the Lexile & Quantile Hub:** (60-90 min)

This presentation offers both a quick "tour" and some "hands on time" to explore the new Lexile & Quantile Hub, a "one stop shop" for Lexile and Quantile tools for students, parents, and educators. This session addresses the following topics:

- Accessing the Hub
- Creating and managing your account
- Support, Quick Start Guides, and Video Tutorials
- An overview of the individual Lexile and Quantile tools

**Date: February 1, 2021**

**Time: 3:30-5:00**

**Zoom Link: <https://zoom.us/j/95138220647>**

Audience:

Elementary, Middle and High School level teachers, principals, instructional coaches, counselors, librarians
